ABOUT ME

I am a full stack web developer and React Native developer with experience in building web and mobile applications. Currently, I am a GenAI intern at Talrop, exploring AI technologies. I also work as an animator at muLearn, creating visual content, and as a web master at IEEE MEA SB, managing websites. Additionally, I am a master tutor at Steyp, helping students learn coding. I teach coding and have conducted multiple tech workshops. I am a student at MEA Engineering College and passionate about technology and innovation.

EXPERIENCE
